Alan Worsham

Vice President

Alan Worsham possesses over 25 years of healthcare technology experience focused on process improvement, system implementations, and organizational change management. As Executive Director of Faculty Practice Plan Information Systems at Washington University in St. Louis, Worsham designed and implemented a successful revenue cycle improvement project that resulted in an enterprise-wide upgrade of IDX Systems (GE Healthcare) applications and hardware, new software development, and the management of 40 information technology and support professionals. Worsham was responsible for the timely, on budget completion of the program and the take away for the University was an information system supporting over 900 physicians, 3000 end users and 35 clinic locations.

In his role as Vice President at Beacon Partners Worsham is responsible for the expansion of the western region which includes, but is not limited to, business development, client account management, and staffing.

Worsham is an active member in many industry associations including, HIMSS, CHIME, MGMA and HFMA.

Worsham is a graduate of the University of Missouri and holds an MBA from Washington University in St. Louis.
